

Longlife 1600 - Multi-Purpose Lubricant

Description

Premium 12-hydroxy stearate compounded with a premium additive system makes this an excellent multi-purpose grease with a broad temperature range. This product is water insoluble, washout resistant, and fully additive treated with corrosion inhibitors, extreme pressure additives, and oxidation inhibitor additives. It is an excellent choice where water resistance and a light valve grease is recommended.

Application

For use in ball and gate valves as a body filler. Protects seat rings and springs. Suitable for use in water and natural gas services.

DO NOT use in oxygen service.

Features

- Water insoluble and washout resistant
- Fully additive treated
- Premium quality lithium 12-hydroxy stearate multi-purpose grease
- Superior protection to lubricate a wide variety of heavy-duty equipment
- Low staining

Physical Properties

- NLGI No. 2
- Temperature range: 5° to 350°F
- Color/texture - tan/smooth
- Worked 60 penetration - D-217, 265 to 295
- Timken OK load - D-2509, lb 45
- Four-ball wear - D-2266, mm 0.40
- Four-ball weld point - D-2596, kgf, 250

Product Code - LL16
